CONTENTS OF VOLUME 60

Bulletin No. — Page

156. Age and growth of the redfish (*Sebastes marinus*) in the Gulf of Maine. By George F. Kelly and Robert S. Wolf. (Issued October 1959.) 1–31

157. The goldeye, *Amphiodon alosoides* (Rafinesque), in the commercial fishery of the Red Lakes, Minnesota. By Marvin D. Grosslein and Lloyd L. Smith, Jr. (Issued November 1959.) 33–41

158. Food of the squawfish, *Ptychocheilus oregonenisis* (Richardson) of the Columbia River. By Richard B. Thompson. (Issued November 1959.) 43–58

159. Effects of fertilizing Bare Lake, Alaska, on growth and production of red salmon (*O. nerka*). By Philip R. Nelson. (Issued November 1959.) 59–86

160. Changes in tuna landings of the Hawaiian longline fishery, 1948–1956. By Richard S. Shomura. (Issued November 1959.) 87–106

161. Vertical distribution of pelagic fish eggs and larvae off California and Baja California. By Elbert H. Ahlstrom. (Issued November 1959.) 107–146

162. Variability of skipjack response to live bait. By Heeny S. H. Yuen. (Issued December 1959.) 147–160

163. Contributions of Hudson and Connecticut Rivers to New York-New Jersey shad catch of 1956. By Kenneth J. Fischler. (Issued January 1960.) 161–174

164. Food of the Pacific sardine (*Sardinops caerulea*). By Cadet H. Hand and Leo Berner, Jr. (Issued December 1959.) 175–184

165. Distribution and Abundance of eggs of the Pacific sardine 1952–1956. By Elbert H. Ahlstrom. (Issued January 1960.) 185–213

166. Relation between fish condition and population size in the sardine (*Sardinops caerulea*). By John S. MacGregor. (Issued January 1960.) 215–230

167. Estimates of larval tuna abundance in the central Pacific. By Donald W. Strasburg. (Issued March 1960.) 231–255

168. Oceanography of the East central Equatorial Pacific as observed during expedition Eastropic. By Thomas S. Austin. (Issued March 1960.) 257–282

169. Definition of haddock stocks of the Northwestern Atlantic. By John R. Clark and Vadim D. Vladykov. (Issued March 1960.) 283–296

170. Annotated bibliography on biology of American menhaden. By John W. Reintjes, James Y. Christmas, Jr., and Richard A. Collins. (Issued March 1960.) 297–322

171. Determining age of Atlantic menhaden from their scales. By Fred C. June and Charles M. Roithmayr. (Issued April 1960.) 323–342

172. Seasonal abundance and vertical movements of planktonic crustacea in Lake Michigan. By LaRue Wells. (Issued June 1960.) 343–369

667588—63

Bulletin No. Page

173. Systematics and biology of the gizzard shad (*Dorosoma Cepedianum*) and related fishes. By Robert Rush Miller. (Issued April 1960)--- 371–392

174. Development of eggs and larvae of Pacific mackerel and distribution and abundance of larvae 1952–56. By David Kramer. (Issued February 1960.)---------- 393–438

175. Synopsis of strigeoidea (Trematoda) of fishes and their life cycles. By Glenn L. Hoffman. (Issued November 1960.)---------- 439–469

176. Sonic Tracking of adult salmon at Bonneville Dam, 1957. By James H. Johnson. (Issued November 1960.)---------- 471–485

177. Abundance and life history of shad, St. Johns River, Florida. By Charles H. Walburg. (Issued November 1960.)---------- 487–501
